Last week, the gallopingscallops won their 100th game in franchise history. This week, they scored their 20,000th point.						
3	5	pinkslippers	8	2	0	1,647.0
The pinkslippers dominated their Week 10 game much like their top running back, Jahmyr Gibbs, has dominated the ESFFL this season. After 10 weeks, Gibbs has 43 more fantasy points than the next highest scoring running back.

16	15	victors	4	6	0	1,538.5
17	17	merchants-of-cool	6	4	0	1,393.0
Amon-Ra St. Brown not only carried the German flag in front of his German fans in Week 10, he also led the merchants-of-cool to their sixth win of the season which surpasses their win total for all of last year.

19	19	colonels	5	5	0	1,514.5
20	21	peeps	6	4	0	1,458.0
The peeps continue to stash Kyler Murray on their Taxi Squad. However, after the Grand Theft Auto 6 release earlier this week, and with Call of Duty Modern Warfare 4 dropping last month, one has to wonder if Murray will get up off his couch at any point over the remainder of this season.

34	34	bombers	1	9	0	1,182.5
Following Week 10, we now have two nominations for "Worst move of the year by a person nicknamed Hutch" - the Lions' defensive end tearing his ACL while celebrating a sack, and the bomber's owner rostering Hollywood Brown for the first 9 weeks of the season.						
35	35	fettuccine	1	9	0	1,315.0
36	36	unhungchads	0	10	0	1,295.5
