

ESFFL Rosters

ESFFL Rosters will no longer be published on the ESFFL Website. This is primarily because these historical roster links are static and become inaccurate shortly after being published. Going forward please use the My Fantasy League.com website to view rosters. This is the link to the MFL website: <https://www43.myfantasyleague.com/2025/home/20035#0>

To view rosters, click on “Reports” from the homepage and then “All Reports” and then “Rosters” which is listed under the “Rosters and Transactions” header.

To view the roster of your team or any other individual team, click on the team name in the standings (or from any other area of the website where the team name is a hot link). From the next screen, click on “Rosters.”
