| 2  | 1                | buffenuff    | 6        | 1        | 0        | 1,124.0             |
| 3  | 3                | locks        | 6        | 1        | 0        | 1,040.0             |

| With their 200.5 points scored in Week 7, the shadowtalons became the first team in ESFFL history to exceed 200 points scored in a single week game.   |                  |              |          |          |          |                     |
| 5  | 7                | bayfoxes     | 5        | 2        | 0        | 1,102.5             |
| The bayfoxes' Week 7 victory over the buffenuff not only ended the buffenuff's chance at a perfect season, it also effectively ended their chance to top the bayfoxes for the best ever combined regular season and playoff winning percentage. It looks like the bayfoxes 15-1 combined record in 2012 will survive another year as the best ever ESFFL Season. |                  |              |          |          |          |                     |

| The black&blues owner is not the only person who thinks Justin Fields should change his name from Fields to Bench. | Following their 5th straight victory, the knockers move into first place in their division for the first time in the 6-year history of their team.         |                  |              |          |          |          |  |

| The wallabies made a Boutte call in Week 7. We wonder if Kayshon's phone number has replaced that of DeAndre Hopkins in the wallabies' owner's cell phone. |                  |              |          |          |          |  |

## Third and Long:

| 21  | 20               | colonels          | 3        | 4        | 0        | 1,019.5             |
| 22  | 26               | gallopingscallops | 4        | 3        | 0        | 932.5               |
| 23  | 27               | pintails          | 3        | 4        | 0        | 991.5               |
| The pintails secured an important win behind a 37 fantasy point performance from Bo Nix. In the process, Nix became the first player in NFL history to score 2 rushing touchdowns and 2 passing touchdowns in a single quarter.   |                  |                   |          |          |          |                     |

| The salamanders thought George Kittle was finally coming home to save their season, but when they made the call to their top tight end, this is what they got for an answer:<br><a href="https://esfflcom.wordpress.com/wp-content/uploads/2025/10/george-is-not-home.mp3">https://esfflcom.wordpress.com/wp-content/uploads/2025/10/george-is-not-home.mp3</a> |                  |                   |          |          |          |                     |

## Fourth and Unlikely:

| 2025 Results   |                  |             |          |          |          |                     |
|--|------------------|-------------|----------|----------|----------|---------------------|
| <u>Rank</u>  | <u>Last Week</u> | <u>Team</u> | <u>W</u> | <u>L</u> | <u>T</u> | <u>Total Points</u> |
| 31   | 28               | slammers    | 2        | 5        | 0        | 960.5               |
| 32   | 33               | victors     | 0        | 7        | 0        | 967.5               |
| The victors' kicker was on bye in Week 7 and thus "out of the Loop" in terms of being able to contribute fantasy points.             |                  |             |          |          |          |                     |
| 33   | 31               | fettuccine  | 2        | 5        | 0        | 891.0               |
| 34   | 34               | bombers     | 0        | 7        | 0        | 953.0               |
| 35   | 35               | fumblers    | 1        | 6        | 0        | 859.0               |
| 36   | 36               | seasmoke    | 0        | 7        | 0        | 844.0               |
| They may have a running back on their roster by the name of "Stay Calm" Barkley, but at 0-7, the seasmoke are in full on panic mode. |                  |             |          |          |          |                     |
