ESFFL 2026 Power Rankings

Week 9 Poll

First and 10:

Rank	Last Week	Team	W	L	T	Points
1	1	brats	8	1	0	1,571.0
2	2	hammerheads	8	1	0	1,468.5
3	3	gallopingscallops	7	1	1	1,461.5
4	4	shadowtalons	7	2	0	1,447.5
5	5	pinkslippers	7	2	0	1,447.5
6	6	house-of-pain	6	3	0	1,400.0
7	8	pintails	4	5	0	1,443.5
8	9	buffenuff	6	3	0	1,399.5
Josh Allen and James Cook headlined the buffenuff victory in Week 9 as they became the first quarterback/running back teammates to each reach the 5,000 mark in career rushing yards not only in the same season, not only in the same game, but on the same drive.						
9	11	wallabies	6	3	0	1,410.5
10	12	maulers	5	4	0	1,399.5
Kyle Allen was the good kind of vulture for the maulers in Week 9. His vulturing of Josh Allen for the end of game kneel downs, saved Josh from losing the rushing yards he needed to secure the maulers their half point victory.						

Second and 10:

Rank	Last Week	Team	W	L	T	Points
11	13	eagles	5	4	0	1,378.5
12	7	black&blues	5	3	1	1,304.5
13	15	sluggas	5	4	0	1,359.0
14	16	fellas	6	3	0	1,317.0
15	10	victors	4	5	0	1,395.5
The victors' Sam LaPorta has averaged less than 4 fantasy points per game since complaining about his contract situation during the Lions Week 6 bye week.						
16	17	cockatiels	5	4	0	1,343.0
17	19	merchants-of-cool	5	4	0	1,261.5
18	14	heavys	5	4	0	1,292.5
The heavys got caught in the - you must have at least one player at every position on your active roster "Loop hole" - although not having an active kicker in Week 9 probably wasn't the difference in their 41-point loss to the shadowtalons.						
19	18	colonels	4	5	0	1,312.5
20	20	hurts	4	5	0	1,331.0

Third and Long:

Rank	Last Week	Team	W	L	T	Points
21	21	peeps	5	4	0	1,296.0
22	23	chowdaheadz	4	5	0	1,328.0
Puka Nacua not only led the chowdaheadz to victory over the bayfoxes, Puka's multitude of injuries could invalidate the bayfoxes' owner's prediction that the chowda's would win the ESFFL title.						
23	25	knockers	5	4	0	1,264.5
24	22	bayfoxes	3	6	0	1,348.0
25	26	locks	3	6	0	1,339.5
26	24	fungi	4	5	0	1,291.5
27	27	toucans	4	5	0	1,294.5
28	29	salamanders	5	4	0	1,233.0
29	28	fumblers	3	6	0	1,245.5
30	30	cockapoos	3	6	0	1,242.0
The cockapoos suffered a tough loss in Week 9, but at least they scored enough to surpass the 10,000 mark in all-time points scored.						

Fourth and Unlikely:

Rank	Last Week	Team	W	L	T	Points
31	33	knights	2	7	0	1,244.0
32	31	seasmoke	3	6	0	1,220.5
33	32	alicorns	3	6	0	1,173.0
After witnessing their fifth loss in a row, one must wonder if the alicorns' owner is getting his fantasy advice from Dirty Kate due to her hotness, and not her actual fantasy football knowledge. Perhaps it's time to turn to Cletus.						
34	34	bombers	1	8	0	1,040.0
Despite suffering their 8th loss in 9 games, the bombers still scored enough points in Week 9 to surpass the 15,000 mark in all-time points scored.						
35	35	fettuccine	1	8	0	1,196.5
36	36	unhungchads	0	9	0	1,140.5
